2017 DECEMBER 8th

INTERNATIONAL COURSE DIRECTOR: MICHAEL SUGRUE

NATIONAL COURSE DIRECTOR: CARLOS MESQUITA

Welcome to the Emergency Abdominal Surgery Course!

This course builds on previous success and is further enhanced by an amazing international faculty.

Previously organised under the designation of Emergency Surgery Course by Donegal Clinical Research Academy (www.dkra.ie), Letterkenny, Ireland, the first was held in Ireland, Donegal, 2012. Meanwhile, other courses took place in Ireland (Dublin, 2013, 2014, 2015, 2016), Portugal (Coimbra, 2013, 2014, 2015, and Funchal, 2016), Spain (Torrevieja, 2015), Greece (Athens, 2015) Sri Lanka (Colombo, 2016), Brasil (Campinas and Maceió, 2016) and Canada (Calgary, 2017).

EASC has evolved into a world leading course in Emergency Abdominal Surgery, endorsed by many societies, in particular the World Society of Emergency Surgery (WSES), and it is constantly updated with the latest advances.

EASC focuses on the acute abdomen, in a multidisciplinary shared learning approach. It will bring you a level of discussion you have not heard before and enhance your ability on-duty as a surgeon, gastroenterologist or radiologist, either as a trainee or a specialist. This course is about decision making in patients and common emergencies. This, coupled with lectures and the latest literature abstracts, will ensure your patients are getting optimal outcomes.

Coimbra is one of the most important urban centers of Portugal. Over 430.000 inhabitants live in the metropolitan area of Coimbra, made of 16 municipalities, comprising a 3372 km² territory, in the larger Centro region, the heart of ancient Lusitania, of which it is the capital. The city, which has been the capital of Portugal during the 12th and 13th centuries, has the archeological remains from the Roman cities of Conimbriga and Aeminium. Coimbra developed into an important cultural centre, mainly because of the the University, founded in 1290, and has notable monuments from that era and beyond. The University is one of the oldest in Europe. Due to its monumental buildings and history has been granted UNESCO World Heritage status and attracts tourists from around the world.
